

Dear Members

The Undy and Magor Horticultural Society wish you and your families a Happy, healthy and peaceful New Year for 2025.

The Committee have been working to draw up a programme for 2025 and list below some details and dates for you to consider.

The first one, a visit to see the snowdrops at the Wye Valley Sculpture Garden at Brockwier (near Tintern) is not long off, and we will be in touch with you shortly with final details, once we have touched base with the gardens and finalised everything. Within the 3 acre garden there are over 80 different varieties on display and over 30 of those varieties will be for sale. Hopefully, we can all join together in some warm refreshments and browse the wonderful display. Entry is likely to be £9 per person. Please note the garden is on a gradient and has been made as accessible as is possible. In the main part of the garden where many of the snowdrops can be viewed the pathways are as level as they can be and have a gravel or stone surface.

- Saturday February 8th 2025 – Visit to Wye Valley Sculpture Garden (Brockwier) to see the snowdrop displays amongst the Hellebores and crocus.
